Improving the lives of
Carers of all ages

Who is a Young Carer?

A young Carer is someone aged between 5-18, who spends time looking after a member of their family due to an illness, disability, drug, alcohol or a mental health problem.

- The average age of a Young Carer is 12.
- Over a third of Young Carers miss school or have issues with education.
- 1/3 of Young Carers look after someone with Mental Health issues.
- The Princess Royal Trust for Carers estimate that 80% of Young Carers have experienced bullying!

The importance of support for Young Carers is to:

- Help minimise stress from their caring role.
- Help with other issues they may face with; school, bullying e.t.c
- Young Carers often feel isolated.

What we can offer you

- Support Groups
- Life Skills
- Confidence Building Workshops

What do our Young Carers think?

"It's good to get away from the stress at home and you get the chance to conquer your fears- especially if you go climbing!"

"You can meet new people, get more confidence and there's always someone to talk to."

"It's good to meet other Young People who do what you have to do; they know how you feel and what you mean."
